

Tells How to Stop a Bad Cough

Surprising results from this famous old home-made syrup. Easily prepared and costs little.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with cough and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., St. Wayne, Ind.

A New, Harmless Way to Banish Hairy Growths

(Beauty Topics)

By following this suggestion any woman can, in the privacy of her own home, remove every trace of hair or fuzz from her face. With powdered delatone and water mix enough paste to cover the unwanted hairs; apply in two or three minutes rub off and wash the skin. This method is unfailing, harmless and quick in results, but care should be employed to get the genuine delatone.—Adv.

TUNBRIDGE

Leander Whitney, Guest of Brother, Passed Away in Sleep.

Leander Whitney, who was spending a few days with his brother, Abijah, retired as usual Thursday evening and Friday morning was found to have deceased during the night, having, apparently, passed from the repose of sleep to the repose of death without a tremor. He had seemed in rather better health and spirits than usual for the past few weeks.

Mr. Whitney was born about 78 years ago upon the farm now occupied by Frank Larkins. During the Civil war he served the full enlistment of nine months in Co. D, 12th Vermont volunteers. He afterward married Mrs. Eleanor (Porter) Clark and removed to Iowa, where his middle life was spent. The only child, a daughter, died in early life. Some years later a separation occurred.

His past 10 or 12 years had been divided among his very numerous relatives and friends in this and adjoining towns, where he was a genial and convenient guest.

Mr. Whitney was the oldest of the nine children of Parker and Phyllis (Durkee) Whitney. Three brothers and four sisters survive.

The funeral was on Sunday from the old homestead, Rev. R. Haseltine being the officiating clergyman, and interment was in the Durkee lot beside his father and mother.

Mrs. W. C. Mitchell had the misfortune to spill hot water on the instep of one foot one day last week, causing much pain and inconvenience.

Mrs. W. F. Scribner returned from the Randolph sanatorium Saturday.

Archie Sargent last Monday moved the goods of John Stevens from South Royton to the farm recently purchased by Mr. Stevens of the W. M. Alexander estate.

Cupid and elyngmen won a harvest last week, no less than three marriages taking place here—Paul Whitney and Evelyn Clark, Frank Rogers and Florence Boulter, Leigh Morse and Daisy Preston. All have been or are looking for farms. Who says the state of Vermont does not need the Vail agricultural school?

RANDOLPH

W. H. Jeffrey, secretary of the state board of charity and probation, gave a very interesting talk before the Suffrage club and friends on Monday afternoon at the parish house. The speaker told of his work along that line throughout the state, giving many instances of helpful service. Mrs. F. A. Salisbury, who is interested in the town work of child welfare interests, introduced the speaker, and at the close he talked upon this branch of work. It was very interesting and profitable and the ladies are under great obligation to him for his talk. In the evening he spoke before the men at the meeting of the Christian Brotherhood, held in the parish house.

Corporal Everett Morrill, who has just been discharged from several months' service overseas, was here on Saturday for a several days' stay with Mrs. Nettie Rix.

Mrs. Arthur Hollins and daughter, who have been in town for several days during the illness of Lucius Webb, left on Monday for their home in Winchester, Mass., leaving Mr. Webb somewhat more comfortable.

There was a jury trial held in the office of E. F. Briggs on Saturday night. The parties were Lester Flint and the Watts brothers of Braintree, and the suit was the result of a quarrel which began about a month ago, when the latter were engaged in ploughing the snow in the highway, which led past the former's house. Remarks are alleged to have been made by Flint at that time, which were plentifully mixed with abusive language, and the affair came to a climax last week, when the Watts brothers were passing the house of Flint. More words were exchanged and a fight ensued, which caused Flint to be badly bruised and beaten. State's Attorney Sherburne took up the case and John Wilson of Bethel was the lawyer for the opposing side. The jury returned a verdict of \$2 and costs, which all amounted to about \$18. This was promptly paid by friends of the Watts brothers who contributed the entire sum.

Carlton Jones, who is in service, is here on a furlough visiting his parents, Mr. and Mrs. James Jones.

Miss Elizabeth Holden, who has been at the sanatorium for surgical treatment, is making a good recovery, and it is hoped will be able to move to her home in about a week.

Ask Gran'ma, She Knows!

Our grandmothers know that millions of people, children and adults, have worms, either in stomach or bowels. This trouble is just as frequent now as it ever was, but people don't know it. Ask Gran'ma—she knows!

A Roxbury (Mass.) grandmother writes to Dr. J. P. True & Co. Auburn, Me., saying: "I have always used your Dr. True's Eliza for my children, and they are all healthy and well today."

"I put great faith in your medicine and one of my children was dying. The doctor said she would live until morning and I ran out to the drug store, got a bottle of True's Eliza, was so excited I gave her the half of the bottle and at night she was better. The other half I thought it was either kill or cure, for the doctor says she is dying anyway, but she did not die. She went to sleep, the first sleep for a week, and the next morning she passed two worms, red in color, six inches long. The doctor came to see if she was dead, but he ran out pretty quick, as she was sitting in her chair eating a bowl of oatmeal and milk. That was twenty-four years ago and now she has a baby girl of her own, seven months old, who is also using the Eliza."

HARD ON SHOES? THEN READ THIS

"I marched through the mud of Flanders, through a large part of the Lorraine sector, and lastly from Chateau Thierry to Fismes, and my shoes with Neolin Soles are still in good condition. For five months I alternated these shoes with two other pairs, which are now worn out, but the Neolin Soles look as if they had another five good months of wear left in them." Written by Lieut. Ederly Austin, American Expeditionary Forces, France—October 17th, 1918.

This is exceptional service, all army men will agree. Civilians rarely give their shoes usage such as this; but if they are hard on shoes, and want to cut their shoe bills down, let them try Neolin-soled shoes. These shoes are obtainable at most shoe stores in many good styles for men, women and children.

Or have your old shoes re-bottomed with Neolin Soles. You will find these scientifically made soles are comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

NEWBURY

"The king is dead. Long live the king." Dr. McKinley has given up his practice, sold his real estate and left us, much to the regret of his many friends, who honored and respected him. Dr. P. A. Pion, a graduate of the University of Vermont, 1916, with a 15 months' internship in the Mary Fletcher hospital, and with eight months in a New Hampshire hospital, where he specialized in surgery and mental diseases and wound up with 11 months in the army, is with us, with his wife and four-month-old baby. Let us give him a royal welcome to the good old town of Newbury, and may this young man of promise never regret his coming to our village. For the present his office will be at the residence of M. C. Knight.

Mr. Jones was in Burlington last Friday attending the headmasters' association meeting.

We overheard the other day that they are going to raise cotton on one of our back farms; but we don't believe there is anything to the report.

Mrs. Sarah Jenne Knight, who has figured lately in some of our leading dailies as "A Vulnerable Outdoor Sport," took a toboggan slide without her toboggan, down the back stairs and landed in a heap. She was equal to the emergency by exclaiming: "Lor! The slide did not hurt me a bit. It was when I lit that I realized there was a much safer way in going down stairs." Mrs. Knight is getting along nicely and her many friends congratulate her on her escape from serious injury. Mrs. Knight is the mother of our town clerk, M. C. Knight, a man well known throughout the state.

We notice in a galaxy of pictures published in the Boston Herald of March 2 that of Hon. Edwin A. Bayley. We feel that the honor bestowed upon Mr. Bayley in being classed with such men as Cleaver Wheeler, founder of Dartmouth college, Daniel Webster, the famous alumnus, Ernest Martin Hopkins, president of the college, and Prof. John King Lord reflects great credit on Newbury. This is a most interesting paper and deserves to be preserved in the archives of the Tenny Memorial library.
